OUR MISSION

**Bridging the worlds of
health and education to
achieve student wellness**

OUR VISION

**A world where every student
is healthy and successful**

Greetings

We cordially invite you to be a sponsor of The L.A. Trust Salute to Student Health 2021. This year we will be honoring former LAUSD Superintendent **Austin Beutner with the L.A. Trust Visionary Award** for his leadership and innovation in advancing the well-being of our students and communities. We will also be honoring Margaret Lynn Yonekura, M.D., Director of Community Health at Dignity Health-California Hospital, with **The L.A. Trust Champion Award** for her unwavering commitment and service to the health and lives of our students and communities.

The event will take place at the beautiful Vibiana in DTLA, a stunning transformed 1876 cathedral, where the famed Redbird restaurant is carved into the former rectory, completing this architectural gem. Our evening will feature a culinary experience by acclaimed Redbird chef Neal Fraser, along with a spectacular on-line and live auction. Our hope is that this event will also serve as a celebration of the reopening of our communities; we are also planning to accommodate all possibilities—remote, on-site or some combination of those two.

As a Salute to Student Health sponsor, you will receive tickets to our event, early access to the on-line auction, and recognition as a leader before, during and after the event. You will also have the opportunity to network with others in the student health community.

Most importantly, you and your organization will further The L.A. Trust's mission to bridge the worlds of health and education to achieve student wellness. Your sponsorship will support school-based wellness centers at a crucial time as students emerge from over a year of isolation. Our programs address mental health, substance use, nutrition, oral health, and sexual and reproductive health.

The challenges presented by COVID this past year have increased our students' needs tremendously. By addressing the need for health equity and igniting the power of agency in our students, we can improve health outcomes and set students on a path towards higher education, advocacy, and a role in shaping their world.

The L.A. Trust Salute to Student Health is a time to celebrate our work and honor distinguished members of our community—we know you will want to join your colleagues at this unique event!
