

L.A. County School Health Policy Roundtable
2014-16 Workplan

Goal	Objective	Authority/ies	Measurement	Responsible Party
1. Improve the sharing of SBHC data for purposes of monitoring and demonstrating the value of school based health centers.	1. By December 31, 2014, determine the feasibility of sharing the School Based Health Alliance's data collection tool with other district's school health programs.	School Based Health Alliance; possible partner: Kids Data, Healthy City	Resolution to school district board(s) approved An established protocol outlining process of obtaining permission to retrieve data	L.A. Trust; Data/Evaluation workgroup
	2. By April 30, 2014, obtain permission to analyze Student Directory data for purposes of evaluating the effect of access to SBHCs on student health and achievement.	LABOS; school district boards Administrative Entities: LADHS; LAUSD Office of Data and Research; LACOE	Distribution of a data collection tool	L.A. Trust; Data/Evaluation workgroup
	3. By June 30, 2015, review the SBHC Census to identify where LAC SBHC are located, analyze select indicators and provide recommendations to larger group. Develop district/supervisory profiles to disseminate to policymakers.	L.A. County School Health Policy Roundtable; CA School Based Health Alliance	Development of SBHC profile templates for LAC	L.A. Trust; Data/Evaluation workgroup
	4. By August 31, 2016, produce findings of the aforementioned data analysis and distribute through a policy brief, fact sheet, or other means, which will serve as an advisory to school districts in L.A. County on how to get school board resolution.	LABOS; school district boards Administrative Entities: LADHS; LAUSD Office of Data and Research; LACOE	Data analysis and brief	L.A. Trust; Data/Evaluation workgroup
2. Promote the full integration of services.	1. By November 30, 2014, establish workgroups.	L.A. County School Health Policy Roundtable	Establishment of a workgroup	LAUSD, L.A. Trust, other school districts
	2. By December 31, 2014, hold a school health policy forum to share progress in expanding school aged child health care.	L.A. County School Health Policy Roundtable	Forum held	Roundtable workgroups
	3. By March 31, 2015, assess progress of the MOU between L.A. County and LAUSD to determine the level of integration and opportunities to expand to other school districts. Explore the possibility of a revision to the MOU.	L.A. County School Health Policy Roundtable; LAUSD; Cities; LABOS	LAC MOU revised	LAC, LAUSD, BOS; Service Integration workgroup
	4. By April 30, 2015, identify and advance local district school wellness policies that demonstrate SBHC integration, i.e. LAUSD <i>Blueprint for Wellness</i> .	L.A. County School Health Policy Roundtable	Local policies gathered, revisions in motion in school districts	Service Integration workgroup
3. Advance state and federal policies that will support sustainability of school based health centers.	1. By June 30, 2016, develop state policy, by either legislation or regulation, that establishes SBHCs as part of Medi-Cal provider networks regardless of medical home, i.e. MediCal reimbursement, SIM plan, Wellness Trust, health home waiver	State Legislature, health plans, CMS, DHCS	State policy plan in place	CA School Based Health Alliance, Roundtable work groups, CCALAC
	2. By June 30, 2015, create an LAC advocacy plan that aligns with and advances state and national SBHC Alliance strategies.	CA School Based Health Alliance	Advocacy plan developed	CA School Based Health Alliance; workgroups
