Alexander Pacach

7th Annual Southern California Sexual Health Summit
February 11th, 2016

Hi everyone! My name is Matt Marfield and this is Xander.

What the heck is a facilitator?

Xander and I were both in the same situation at one point in time

With our being in the same situation

Family that was not really good

We thank you for the support today

Helping youth voices enlarge

1. Discuss the values of youth and young adults in leadership and employment position
2. Identify strategies for engaging with and supporting their professional development

Warning!

*Be
Comfortable
With*

*Being
Uncomfortable*

There is a problem in our current situation.

For a lack of the back of the house

No youth lab tradition, fusion

Many presenting disorganization

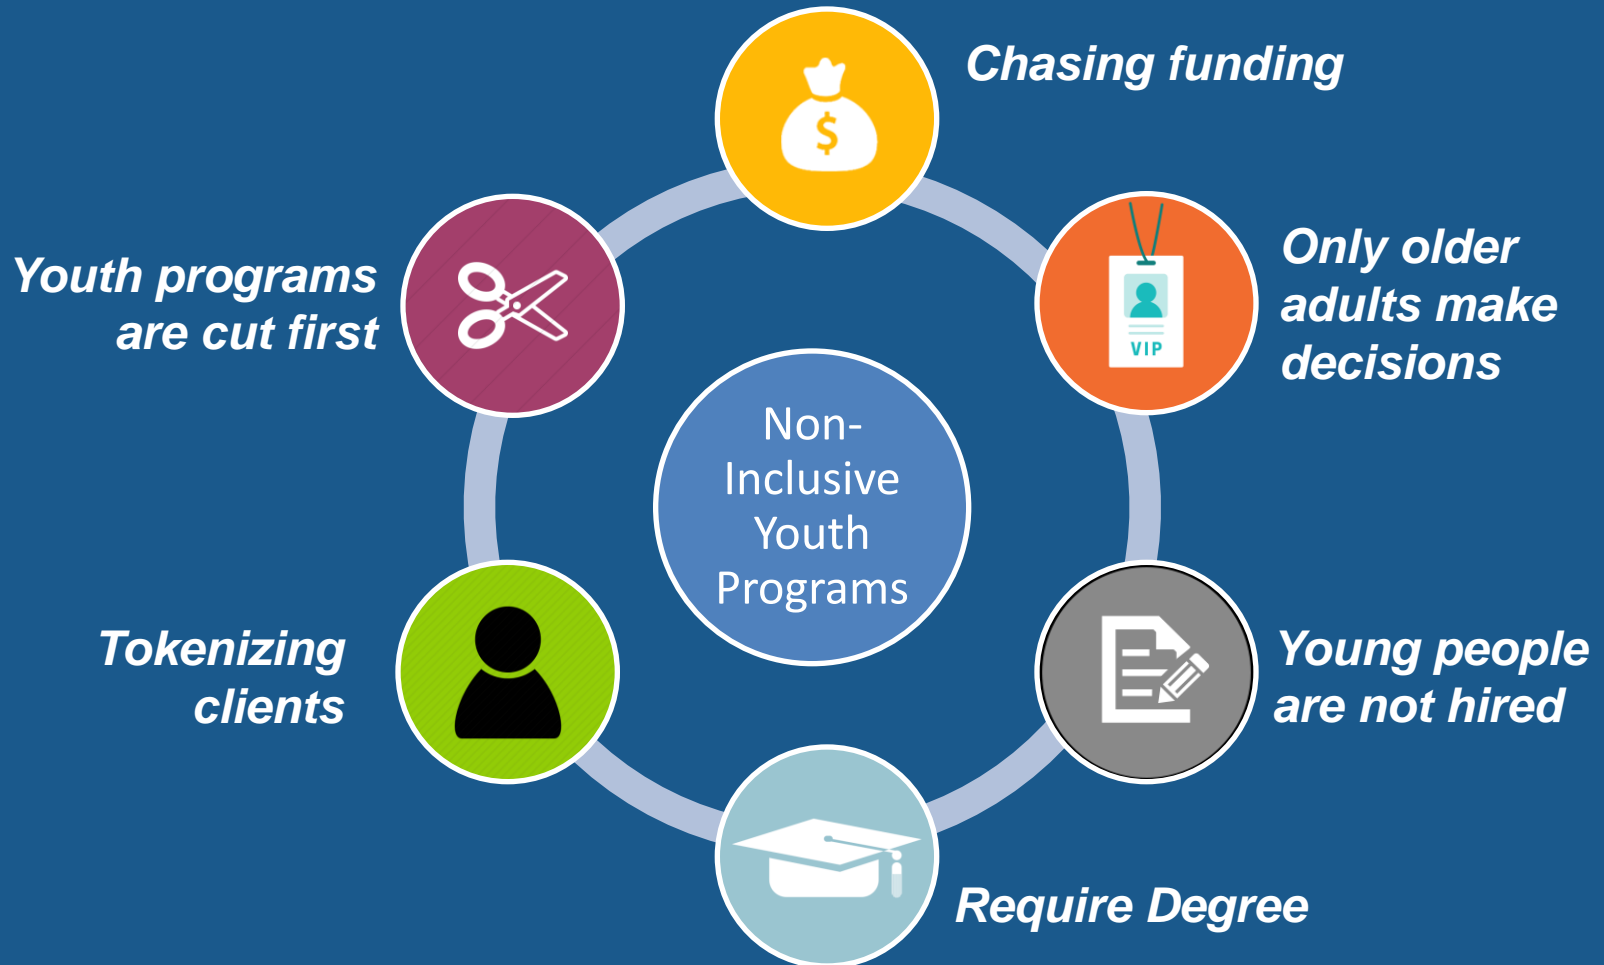

CV codes are used as a bridge

Youth and young adult into two complicated.

Our work is something to be celebrated

Why is this?

Problem

The problem is not the system
In building a way to make their activities
We can fix the infrastructure
We can make the learning conditions
The capability of building a better relationship
That is not from a strong position

SOLUTIONS

Structural

Agency

Interpersonal

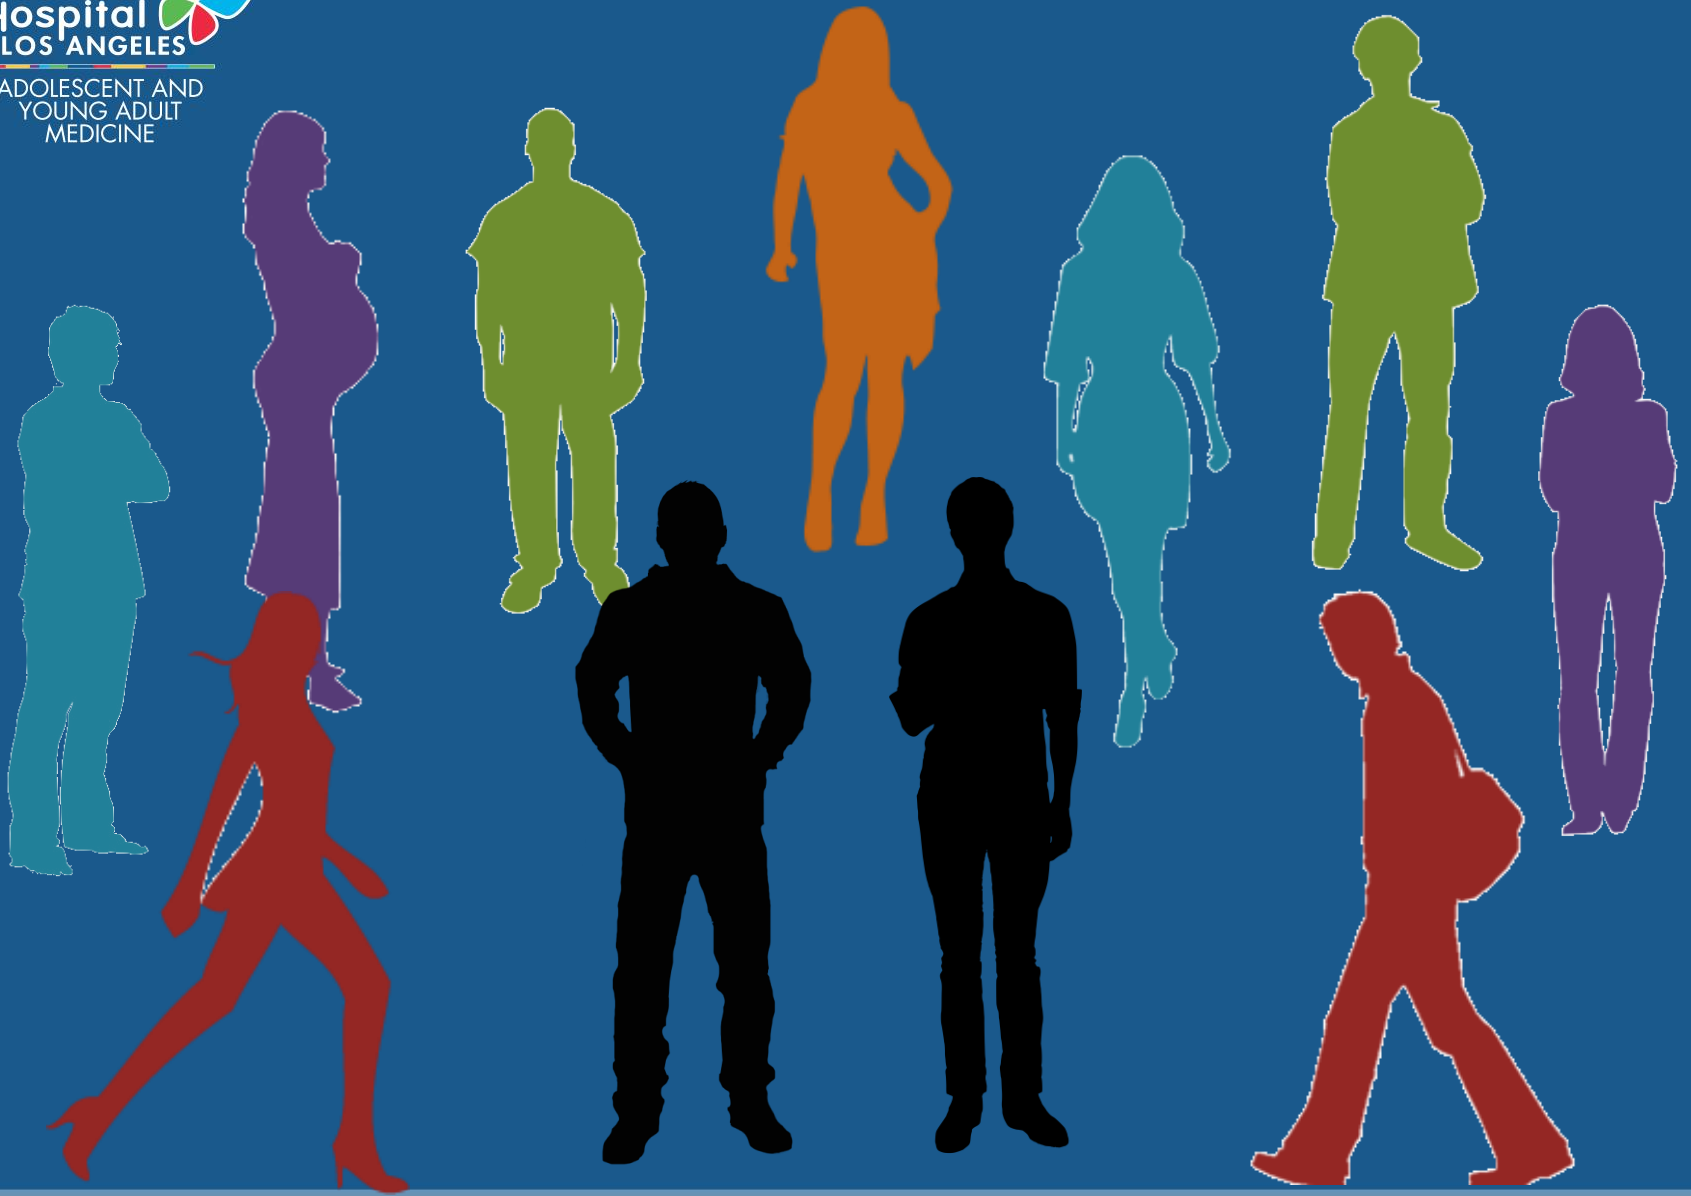

We shared a lot with you today
We hope the information doesn't slip away
We talked from our own experience
Young people with perseverance
The key is collaboration
To build a better foundation
Let's start the conversation
To change our current situation

Collaborate!

There are many ways to get your information
Through multiple channels for a few hours
We are finding qualifications
We always keep adapting
The most important thing is
We are here for you and your family.

TELL ME
and I forget.

TEACH ME
and I remember.

INVOLVE ME
and I learn.

-BENJAMIN FRANKLIN

Thank You!
