LAUSD Learning Collaborative Meeting

Wednesday, February 15, 2017
The California Endowment
WELCOME ALL!

Convening of the Learning Collaborative generously sponsored by The California Endowment
Even if you’re on the right track, you’ll get run over if you just sit there.

Today’s meeting objectives

1. Describe how stigma is a barrier to adolescents’ health care access

2. Identify strategies for addressing stigma to increase utilization of SBHCs.

3. List one strategy your Wellness Coordinating Council plans to address to reduce stigma on one area of the Wellness Logic Model.
Topics for this year’s learning collaborative

- Addressing students' stigma on use of wellness centers
- Creation of a strong referral program with key school staff
- Effectively telling our story
- Social emotional learning
- Working with LGBTQ youth

Today’s focus!
Our collective goals this year

Increase student encounters by 10%

Implement Wellness Network Best Practice Recommendations’ priorities for 2016-17 School Year

<tbody>
<tr>
<td>• External appearance – create a checklist and discuss at first WCC</td>
<td>• Coordinate a Wellness Center tour with 9th grade health classes</td>
<td>• Create a strong referral program with School Mental Health</td>
<td>• Safe Schools</td>
</tr>
<tr>
<td>• Availability: create a checklist to help communicate hours of operations, where and how to distribute, etc.</td>
<td>• Plan and conduct at least 3 student engagement efforts that: raises student awareness of wellness center services; addresses student reported stigma of utilizing wellness center services; and increases student visits to wellness centers on an annual basis</td>
<td>• Create a strong referral program with key school staff (school nurses, Health Start) and focus on students with key indicators (asthma, trauma, etc.)</td>
<td>• In-person orientation/training conducted annually by Organization Facilitator + L.A. Trust staff</td>
</tr>

Part 1: Understanding the role of stigma in health care

1. Setting the context for today: Interactive group activity
   (Robert Renteria, The L.A. Trust)

2. It's built so why aren't they coming? Addressing Stigma to Increase Utilization of SBHCs (Kathleen Tebb, UCSF)

3. Discussion in WCC: Students’ perceptions of stigma
   (Kimani Norrington-Sands, LAUSD School Mental Health)

4. Students’ perception of wellness center: Survey results
   (Sarah Roush, Essential Access Health)
Clinic outreach efforts at Garfield Wellness Center:

Frances Gomez and Melissa Barnby
THE POWER OF “JUST A LITTLE BIT”

The original crowdfunder: College-bound kid to Chicago Tribune columnist in 1987...

“I honestly believe that no one will feel that it’s a hardship to send a penny to me.”

28 million pennies later Mike Hayes went to the same college I did (University of Illinois) at the same time as me for free for 4 years. Why? Because he simply took a little bit of action.

“QUIT READING!” Bob Greene, Chicago Tribune columnist, admonished his readers. He provided them with college-bound Hayes' P.O. Box number. "Go put the penny in the envelope."
THE POWER OF “JUST A LITTLE BIT”

Fourth Most-funded Kickstarter Campaign Today

• BauBax Travel Jacket
• Raised $ 9 million in 2015
• Has multiple uses: neck pillow, eye mask, blanket, all manner of pockets
The Power of “Just a Little Bit”

We have just as many benefits! And our benefits will outlive a travel jacket!

- Goal – get 50,000 people to donate $5 bucks
- $250,000 to support school-based wellness centers
- 25 days

$5 for the Fight
Five bucks from 50,000 people in 25 days

1. FACT-BASED REASONING
Reduce absenteeism and make sure kids are in class learning fact-based reasoning skills & critical thinking.

2. SANCTUARY
Support schools that do not and can’t discriminate against any student regardless of ethnicity or immigration status.

3. FUTURE SCIENTISTS
Create future scientists & doctors by giving kids part-time jobs and career pathways in school-based health clinics.

4. DISRUPTION OF VIOLENCE
Provide counseling that breaks the cycle of violence in families and communities so that a healthy future is possible.

5. BIRTH CONTROL
Ensure teens, their families, and their communities have access to age-appropriate sex education & health services through school-based health clinics.

Donate $5
I’m with her.
THE POWER OF “JUST A LITTLE BIT”

• Be like Mike Hayes, the penny college kid, and just take a little bit of action. Yes, right now.

• “Quit Reading!” Go to your email and forward the image and the link to 5 friends right now.

• Then copy the image and the link and post it on Facebook.

• High-five the person sitting next to you when you are done!

Congratulations! You are a force for good!
THE POWER OF “JUST A LITTLE BIT”

Other Ways of Stating our Benefits!

$5 FOR THE FIGHT
$5 from 50,000 in 25 days to support:

1. FACT BASED REASONING
   Reducing absenteeism & ensuring kids are in their seats
   learning fact-based reasoning skills & critical thinking

2. SANCTUARY
   Supporting schools that do not and WILL NOT discriminate
   against any student regardless of ethnicity or immigration status

3. FUTURE SCIENTISTS
   Supporting future scientists, doctors, & nurses by giving kids part-time
   jobs & career pathways in school-based health clinics

4. DISRUPTION OF VIOLENCE
   Providing access to counseling, breaking cycles of violence
   in families and communities #blacklivesmatter

5. SENSITIVE SERVICES
   Ensuring teens have access to age-appropriate sex education &
   confidential reproductive health services through school-based
   health clinics
Support School-based Health Clinics!

The L.A. Trust for Children’s Health supports the operations of Wellness Centers where students, their siblings, and even their parents can get physical, dental, and mental health services -- right on school campuses.

No need to take time off of work, or to travel to various appointments. All the services you and your family require can be located together in one place... your child’s school. Common sense.

School-based Wellness Centers across Los Angeles are becoming a model for how other counties and states can make common sense changes for easier access to care.

They even offer students part-time internships and career pathways to jobs in science and health.

$5 for the Fight
Five bucks from 50,000 people in 25 days
I'm with her.
Donate $5

Support school-based health clinics. They turn away no one.

And they'll continue to provide physical, mental, and dental services to students and families in our most needy communities — even during challenging political circumstances.

Be Wonderful

The L.A. Trust for Children's Health supports the operations of Wellness Centers where students, their siblings, and even their parents can get physical, dental, and mental health services -- right on school campuses.

No need to take time off of work, or to travel to various appointments. All of the services you and your family may require can be located together in one place... your child's school. Common sense.

14 Wellness Centers across Los Angeles are becoming a model for how other counties and states can make common sense changes for easier access to care.

They even offer students part-time internships and career pathways to jobs in science and health.

Join me in raising $5 dollars from 50,000 people in 25 days to support the Trust for Children's Health.
Work session in WCC groups using Logic Models

- Student Engagement
- Community Engagement
- Operations Network
Reflection Questions

1. To what extent do SBHC’s staff and providers have a genuine interest in youth wellness?

2. How do you promote a youth-friendly setting?

3. Does the staff reflect the ethnic and linguistic diversity of the youth served?

4. How does your SBHC engage students in health education, outreach, and the evaluation of SBHC services?
