The Los Angeles Trust for Children’s Health
Youth Advisory Board Application

What it takes to be a Youth Advisory Board Member:
Youth Advisory Board members (YAB’ers) are middle and high school students from across Los Angeles who are interested in becoming more involved in their school and communities. YAB’ers work to improve their skills and grow their voices to improve the health (Mental, Physical, and more) of those around them. As a YAB’er, you will be pushed to look past simple solutions for issues and take on problems from their roots. Members of the board will also provide feedback on programs for The Los Angeles Trust for Children’s Health. Most importantly, YAB’ers are open to new ideas, new people, and new opportunities.

Youth Advisory Board Mission Statement:
(Our missions statement will be voted on at our first meeting on June 9th)

I understand that sometimes I may encounter others within the board who are different than myself, and I will always do my best to maintain a safe and open space, and assume positive intentions of other board members
