

The Los Angeles Trust for Children's Health

Mission

Bridging the worlds of health and education to achieve student wellness.

Vision

A world where every student is healthy and successful.

Values

Holistic Health

We recognize physical, mental, emotional, and environmental health are interdependent components of overall health and well-being.

Health Equity

We promote social justice and equal access to support systems to reduce student health disparities.

Youth Partnership

We create opportunities for youth to be agents of change and reach their full potential through health advocacy and leadership.

Strategic Goals

1 Powerful Programs

Promote student health through prevention and education

2 Optimized Student Wellness Centers

Foster best practices and provide support to school-based wellness centers

3 Data-Informed Healthcare

Transform student healthcare with data-driven insights

4 Internal Investments

Strengthen internal capacity to expand influence and impact
